Evaluation of prior education for applicants with military service to the University of Arizona

Under [Arizona State Law §15-1626](#), applicants to institutions under the governance of the Arizona Board of Regents are eligible for the following exception if they meet the outlined criteria.

Eligibility:

- Self-reported or confirmed military service of two years or more
- Spouses and dependents of military applicants are not eligible
- The applicant must be honorably discharged from military service
- The applicant must have been previously enrolled in a university or community college in the State of Arizona prior to application.

Benefit:

- Applicants who meet the above criteria will have failing grades from other State of Arizona community colleges/universities excluded from application consideration
- This benefit applies only to coursework taken prior to military service
- Pardon only applies to College or University coursework taken at an in-state, Arizona Institution

Note: If the applicant left UArizona in poor standing then joined the military, any failed coursework from the institution cannot be used to deny the applicant re-admission. However, their previous UArizona grade point average will remain on record.
