## Edit FERPA/Directory Restrictions

Under the Family Educational Rights and Privacy Act, you have the right to restrict the release of certain categories of information. To restrict information, check Restrict next to the description. To restrict all types of a certain category, click Restrict All for that category. To restrict all types of all categories, click Restrict All Fields at the top of the page.

Note that when you choose to restrict the release of information, that information will not be released to any source, including publications such as telephone directories or other institutional publications.

To provide exceptions to the restriction of the release of information, click Release To Publication.

You can restrict specific fields, such as addresses, email, names, date of birth and phones. Or, you can restrict all fields.

Restricting ALL fields or the NAME field will result in no information being given out on the student, nor will verification of enrollment be given to anyone about the student's attendance at UA.
