Tier One Courses and Orientation

Click [here](#) to view Registration Dates for Fall 2014 and Summer 2014

It is normal for your Tier One sections for Fall 2014 to have an enrollment cap of zero. Throughout Priority Registration for continuing students and Freshman Orientation for incoming students, the Office of the Registrar closely monitors the release of available seats in Tier One courses. Prior to each new group of students registering for classes, RCS releases a small number of seats based on the number of students registering in that group. This gradual release of seats ensures that all students needing to take Tier One courses will be able to register for what they need. We want to make sure that even incoming Freshman students at the last orientation session will be able to register for Tier One courses. Once the seat release process has completed, all remaining seats will be released, and at that time the enrollment capacity for Tier One courses will show the total number you requested.

If you need to verify the total number of seats you are planning to offer in your Tier One courses, you can view the UA Target Enrollment value by navigating to Curriculum Management > Schedule of Classes > UA Target Enrollment > UA Target Enrollment, then searching for your course. We respectfully ask that you **please do not update the enrollment capacity for Tier One courses** as this will disrupt the seat release process. If you need to make changes to the total number of seats that will be offered in your Tier One course, please submit an RCS Course Change request.

Course Forms for Summer and Fall

The Fall 2014 and Summer 2014 Schedule of Classes went live for the public to view on March 3rd. Room and Course Scheduling is still working to process all requests as quickly as possible. We are processing requests in the order they were received. We greatly appreciate your patience as we process your Summer and Fall course forms.
Summer Room Upgrades

Over the summer approximately 60 Centrally-Scheduled classrooms will be receiving technology upgrades. As of this moment we do not have definitive list of the rooms that will be receiving these upgrades. Look for that information to be provided on an upcoming issue of the RCS Chronicles.

Spring Fling

*Message from Jared Young, Spring Fling Executive Director*

Spring Fling will be returning to the UA Mall April 11-13 after operating off campus for the past 15 years. Spring Fling is the largest student-run carnival in the nation and crucially fundraises for over 40 campus clubs and organizations each year.

We would like to alert you to traffic restrictions and general campus changes that will occur starting Monday, April 7th in order for Spring Fling to begin configuring the event area.

Beginning Monday, April 7th at 8 am until Wednesday, April 16th at 8 am, University Blvd (on the UA Mall) will be closed between Cherry Ave and Campbell Ave. Temporary fencing will be erected on this portion of the mall for the entirety of the closure.

**University Boulevard Closure**

Transportation affected by this closure includes all of the following:

- **Motorists** – There will be no east or westbound traffic on University between Cherry and Campbell.
- **Sun Tran Passengers**: The Optical Science bus stop on University will be relocated to Campbell Ave
- **Cat Tran Passengers**: Southwest Off Campus UA Mall Route will be relocated to east of the Martin Ave & 2nd Street intersection.
Spring Fling Continued...

Spring Fling Operational Hours

- Friday, April 11th: 4 pm – 11 pm
- Saturday, April 12th: 11 am – 11 pm
- Sunday, April 13th: 11 am – 6 pm

Cherry Avenue Closure

There will be a hard closure of Cherry Avenue between Hawthorne and north of 4th Street at the entrance of the lot near Optical Science. The closure will be April 11-13, 2014, 3:30pm to 1am on Friday, at 9am to 1am on Saturday and 9am to 11pm on Sunday.

*Special Note: Noise*

Deliveries involving large machinery and trucks will begin Monday, April 7th. A certain amount of noise is unavoidable, but Spring Fling will be consciously lessening unnecessary noise.

This is an exciting time for Spring Fling as 2014 marks the 40th Anniversary. We do welcome any feedback through our email address, website, or office/hotline number. Our hotline will be active starting the morning of April 7th, but otherwise the number directs to our office. I greatly appreciate the flexibility and support that the campus community has shown regarding the return of Spring Fling. After 40 years, there’s still nothing else like it!

Bear Down,

Jared Young
