

2022 WINTER & 2023 SPRING VA ENROLLMENT GUIDELINES

MAKE SURE THE DEGREE YOU WANT TO ENROLL IN IS VA APPROVED

While most programs offered at the University of Arizona are VA approved and fundable, there are still some that can NOT be certified/paid for with Federal Veteran Benefits. This most often occurs for brand new programs that have not yet been reviewed. Before choosing a program, please navigate to the [Web-Enabled Access Management System \(WEAMS\)](#) and verify your desired program is on the list:

1. In the 'Institution Name' field, search for the University of Arizona
2. Select it on the next page; at the top (under the red banner) click 'Programs'
3. Select 'Institution of Higher Learning' – here you can find all programs currently certified by the VA (you can Ctrl + F and search the page)

IF YOUR DEGREE IS **NOT** LISTED IN WEAMS, FEDERAL VETERAN BENEFITS (all chapters – 30, 31, 33, 35, or 1606) CANNOT BE USED TO FUND THE PROGRAM.
