## Tuition Policy for Dependent Exception

Tuition and residency classification policy for Arizona's three state universities (The University of Arizona, Arizona State University and Northern Arizona University) is set by the Arizona Board of Regents as authorized by the Arizona State Legislature. The general rule for resident classification for tuition purposes includes evidence of 12 months continued physical presence with concurrent permanent intent to be a resident of Arizona. The Arizona Board of Regents Policy on Residency can be found at: <https://www.azregents.edu/board-committees/policy-manual>

If however, a student can demonstrate **all of the following conditions** they may be eligible for an Arizona residency classification for tuition purposes without meeting the one-year durational requirement:

- 1) the student is domiciled in Arizona, AND
- 2) one or both parent(s) of the student are domiciled in Arizona, and permanently living in Arizona prior to the first day of the semester, AND
- 3) the student's parent(s) are entitled to claim the student as a \*dependent child for Federal and State tax purposes (whether or not the parent actually claims the student as a dependent child).

\*Federal Definition of a Qualifying Child

- **Age:** student must be under the age of 19 at the end of the tax year, or under the age of 24 if a full-time student for at least five months of the year, or be permanently and totally disabled at any time during the year.
- **Support:** the student did not provide more than one-half of his/her own support for the year.
