# **Policy Roadmap: Overview**

### Grades & the **Grading System**

- Removing the 18-unit withdrawal maximum
- Reduced barriers to use of **Pass/Fail option**.
- New MG (missing grade) notation
- Newly required process for Incomplete Grade

**General Education Curriculum & Attributes** 

 General education attribute completion requirements originally planned for students matriculating in fall 2024 postponed until fall 2026.

### **Credit for Prior Learning**

• 30 units of credit for prior learning for degree programs that require specific licensure for admission

Increase flexibility in grading policy and clarify existing policy. The addition of MG and Report of Incomplete Grade support student perseverance toward degree completion.

Allows assessment of how curriculum supports the topic areas by looking at the first full cohort (2022-2026) using Exploring Perspectives and Building Connections Gen Ed course requirements before made graduation requirements.

The update ensures that students with the same required licensure can be granted the same credit toward their degree requirements, regardless of how the licensure was earned.
