Student Centered Dynamic (DYN) Session Alignment

Beginning Spring 2025
DYN sessions will more closely align with regular sessions when possible.

DYN Section requesting to begin within 7 days of the start date and/or end within 7 days of the end date will:

- Align within the nearest Regular Session
- *The exception is any session shorter than 7 weeks (Pre, 5 and 6). DYN sessions shorter than 5 weeks will maintain DYN adjusted Dates and Deadlines
- Follow the Regular Session Dates and Deadlines
- Follow standard holiday schedule (except GLBL)

Reminder: any course is expected to last at least 1 week per credit earned in accordance with the University Credit Definition

Harvill (HARV) Elevator Restoration
Limited Availability Spring 2025

Project Timeline: January 2025 – July 2025
• Spring term historically has slightly lower enrollments — easier to accommodate class sections in other spaces.

No elevator access to floors 1, 3 and 4
• Lack of accessibility to these floors means they will be removed from room optimization.
• Impacts 24 Centrally Scheduled Classrooms: 18 Traditional Classrooms (capacities 22-75); 5 Collaborative Learning Spaces (capacities 24-80); 1 Lecture Hall, HARV 150 (capacity 390)
• RCS team will support the redistribution of class sections typically assigned to HARV across the remaining available CSCs
• Project also impacts Departmentally Scheduled Classrooms on floors 1,3 and 4.

Coming Soon: Reimagine Room and Course Scheduling

April 30, 2024 – Open Scheduling Winter 2024 and Spring 2025 Kickoff

Enhanced System Logic
Prevents class sections from being set up outside of class scheduling best practices or policies, reducing mistakes and streamlining the scheduling process

Embedded Field Logic
Alleviates the need for as many clean-up reports because rules can be built in to prevent certain errors

Creating efficiencies in class section set-up
Expanding the opening the scheduling window for class set-up changes that have no downstream impacts

Now Available: The Navigation Tile
• One-stop shop streamlines the process of creating the Schedule of Classes
• Designed to guide the user through the cycle of class scheduling
• Improved transparency with updated names for scheduling tiles

We Need Testers!
Contact rcshelp@arizona.edu if you want to help us test the new workflows. Testing is anticipated to happen later this summer.

Recent Course Attribute

Language of Instruction Tracking

- Non-Language courses with an Instructional Language other than English
- Support expectations for student success
- Support tracking for transcript and certificate awarding
- Current Course Attribute Values include:
  - Spanish and Mandarin
  - Please complete the Language of Instruction – Class Section Request Form if another Value needs to be included.

Managing the Attribute:

- Available to manage during the Open Scheduling process
- For more information, please review our Resource Guide: Setting up Course and Class Attributes in the Schedule of Classes
**Process Refinement: No Enrollment and Low Enrollment**

**No Enrollment**
Communicate sections with zero enrollment to departments between July 1-12, 2024

**Action – August 1, 2024**

RCS will:
- Email list of class sections moved to class status cancelled
- Centrally Scheduled Classrooms are released
- Cancelling the class section prevents a room assignment for final exams

**Low Enrollment**
Communicate sections with historical low enrollment (less than 70% room fill) based on requested room cap during Open Enrollment

**Action – August 1, 2024**

RCS will:
- Request room swaps based on need to accommodate larger classes
- Offer rooms better suited for anticipated enrollment

Avoiding Tentative Class Status

• Class setup left incomplete will be marked with a class status of tentative and will not appear within the published Schedule of Classes.
• Missing data that triggers a Tentative status includes:
  • No room assignment
  • Incomplete meeting pattern
  • Contact minute non-compliance
  • Unapproved DYN or Live Online
  • Courses missing a required component

Managing Status Change

• Incomplete Class Set-up notifications sent during Open Scheduling Period (May 6-July 31)
• After resolution weeks (September 3-13) any class sections missing essential data are marked tentative
• Submit Section forms to make necessary changes prior to publication of the Schedule of Classes on October 1st.
Managing Instructor Role/Department

Clean-up Process
• Add a Primary Instructor with post access
• Remove Instructors no longer with the University
• Process changes to create accurate instructor table information in UAccess

Update Instructor/Advisor table status
• Instructor Type
  • Teaching Assistant
  • Instructor
  • Department administrator
  • Visiting Lecturer
  • Visiting Professor
  • Etc.
• Instructor Status:
  • Active
  • Inactive
• Instructor Availability:
  • Available
  • Unavailable
  • Sabbatical

This all helps maintain accurate instructor information in the Schedule of Classes!

You Asked... We Answer!

1. When will the priority scheduling form be open for Spring 2025?

2. Some instructors in my department report that the furniture isn’t correct, who do we report that to (e.g., missing left-handed desks, no accessible table, too many chairs)?

3. How can instructors preview their classroom assignments to know if the room will work for them (i.e., layout, technology)?
